The U.S. Department of State is currently experiencing technical problems with its visa system, which are affecting global operations. This issue is worldwide and is not specific to any particular country or visa category. We recognize and deeply regret the inconvenience to travelers. We are doing everything possible to return passports with visas as soon as we are able to complete processing. We regret that we are currently unable to predict how long the delay will be.

We appreciate your patience as we work to resolve this matter and apologize for the inconvenience.
